Convite para Palestra

Research Challenges in Computer Science

O Laboratório de Desenvolvimento de Sistemas–LADES da Faculdade de Computação-FACOMP/Castanhal, através do projeto Fronteiras, tem o prazer em convidá-lo para a palestra da Professora Visitante Dra. Lyn Pemberton.

PALESTRANTE:

Profa. Drª. Lyn Pemberton

(Universidade de Brigton / Reino Unido)

DATA:

02 de setembro de 2015 às 10:30

LOCAL:

Auditório Maria Sá.

TÍTULO:

Research Challenges in Computer Science

Lyn is Reader in Human Computer Interaction in the School of Computing, Engineering and Maths, where she teaches in the Computing Division. She has designed and taught modules in HCI, user centred design, learning technologies, creative design, technical authoring and research methods at undergraduate and masters level. Lyn has been involved as a researcher in numerous learning technology projects, mostly concerned with aspects of communication, writing and language learning, reflecting her background in language, AI and HCI. Most recently she has designed and managed a number of projects funded by outside agencies including JISC, Technology Strategy Board and EU Lifelong Learning projects, focussing on interactive television for learning, augmented reality and in particular mobile learning. She also has extensive experience in supervising PhD projects in these areas.
